Attorney Survey: Key Issues

- Timing
 - Respondent Pool
 - Questions
 - Scoring
 - Reporting
 - Simplicity
-

Attorney Survey: Key Question

Does the information assist the public in voting whether a judge should stay in this special position of public trust?

Attorney Survey: Timing

Should the survey cover more than two out of six years of a judge's term of office?

Attorney Survey: Respondent Pool

Should the potential survey respondent pool be increased?

Attorney Survey Responses

Year	Average	High	Low
2006	87.5	128	18
2004	80.14	128	17
2002	84.6	131	18
2000	83	121	23
1998	73.3	143	14

Attorney Survey: Questions

Do the survey questions effectively measure the important indicators they designed to measure?

Attorney Survey: Scoring

Do the survey response scores need to be changed to more effectively measure judicial performance?

Attorney Survey: Reporting

Does the method of reporting the survey response scores need to be changed to more effectively distinguish between judges?

Attorney Survey: Simplicity

Should the survey information be simplified so the public is more likely to use it?

Attorney Survey: Key Question

Does the information assist the public in voting whether a judge should stay in this special position of public trust?
